

MEET THE MONEY®

National Hotel Finance & Investment Conference

DON'T MISS THE

Resort Development Workshop:

REPOSITIONING ASSETS FOR MIXED USE

SPONSORED BY

The Resort Development Workshop will inform hoteliers, developers, and investors of the advantages of repositioning an asset to incorporate mixed-use components. Experts from the resort and hospitality industries will provide case studies from their portfolios of hotel acquisitions that have been repositioned to include hotel, restaurant, retail, and shared ownership.

Why You Should Attend:

- See how incorporating shared ownership into your existing real estate asset is a direct pathway to more revenue.
- Learn how to maintain restaurant and retail sales within your hotel during slow periods.
- Hear how shared ownership improves occupancy, generates incremental revenue, and maximizes your resort's profitability.

MONDAY
MAY 8, 2017
3 p.m. to 5 p.m.

Hyatt Regency Los Angeles International Airport
6225 West Century Boulevard
Los Angeles, California 90045
